Dedication

Father Thomas Mohan C.S.B.

We respectfully dedicate this yearbook of the year two thousand and one, the first book to be published in the new wing of our school to

Father Thomas Mohan C.S.B. our Principal and President for the past six years.

It was Father Mohan's vision and genius that has given us our new wing which in fact doubles the size of our school and provides "state of the art" equipment in every area.

Numerous students in this century will enjoy the facilities of the school. It is only fitting that it be known to all that this dedicated priest provided the leadership and inspiration to keep St. Michael's in the forefront of Catholic education in Canada

St. Michael's

From Our Principal

Developing Christian Leadership

St. Michael's College School is a great place to be. There is a strong emphasis on the love of learning. The school community provides a strong mixture of academics, spiritual life and activities beyond the class room. The high quality education at the school is made possible by the excellent staff. Over the years, Saint Michael's College School had beeen blessed with excellent students. This year is no exception.

MR. JOE BRISBOIS

Behind the photographs in this yearbook are many varied and interesting stories for the school year 2000- 2001. Your youthful faces reflect optimism, determination, happiness, relief, surprise and satisfaction. Camouflaged in a school yearbook, however is the opposite side of the emotional spectrum - exasperation, pain, disappointment and sadness. The reality is that every story of your life will include the happy, the sad, the good and the bad.

How you approach and handle the inevitable extremes will greatly determine in which direction your life story proceeds.

A positive approach to your experiences at St. Michael's College School will certainly assist with the development of your life story. As you grow and develop, your faith can be of great assistance to you. It will allow you to steer your story in the right direction.

Will your story be one of change and growth? Will your story include the extension of yourself into the larger community by way of contributing your time, your energy, your ideas, your talent or your special skills?

Will you be an informed, caring, vocal citizen with regard to issues which affect the quality of life for you, your faith, your family, the larger citizenry?

May your story of life continue to carry with it an active and balanced participation in the Church, your family, your students and the community.

I hope that your experience at the school allows you to prepare a story with a happy and fulfilling ending, and more importantly, with an ongoing sense of peace and accomplishment.

Society is in need of strong Christian leadership. I do hope that you will use the training you receive at Saint Michael's College School to make a difference. You are being educated in the areas of goodness, discipline and knowledge. This educational focus will assist you in dealing with the challenges that you will experience in life. With you rest the strength and sincess of our future society.

By Anthony Merlocco - Grade Twelve

For one reason or another each one of us has ended up here at St. Mike's, where we are to receive a good, strong, Catholic education. We are to become, through five years of goodness, discipline and knowledge, St. Michael's men. We are to learn values, morality, virtues and course content along the way. We are to stand on our own, we are to be our own selves, strong enough to be independent and not have to depend on groups. We are to take away from this school something that you would not find at other schools, something deeper. We are to mature and come into our own. So that's why we are supposed to be here, but how many of us really become St. Michael's men?

Anthony Merlocco
We learn in a Cotholic
environment

What sets St. Michael's apart from the rest really? There is this reputation and this mentality that our school is just "better", that there is a superior education here. This is not true necessarily. Education is all about what you put into it, it's about the student. Although our school does provide a high quality of education, regardless, no matter how good the teacher is, if the student does not put the effort in, he will not receive a superior education. There are many other schools with students as good as we and some good teachers too. The teaching staff cares about education and enforces rules to instill discipline in us, which

helps us later in life because we can develop a good work ethic..

So St. Mike's is not entirely about a superior education, it does offer something more though, if you are willing to receive it. We learn in a Catholic community, in a Catholic environment. We have the opportunity to go to Mass every day. A Catholic education can bring more than just simple facts from a textbook to the student,. The student must be receptive though. We may not necessarily be any more intelligent than a student at any other high school, but we may be able to become more mature.

The reason most of us is here is due to the reputation, and the tradition of St. Michael's. And most of us are proud to be here because of this tradition. St.Mike's puts emphasis on both athletics and academics and it has a long standing tradition of excellence in both. As students here, if we want to take something away with us, we continue these traditions of excellence by becoming involved in extracurricular activities and working for good grades. We are often told not to be an "8:30 to 2:30" student, and this is important if we want to become well-rounded. St. Mike's is not just a hockey school, or a football school, it is a school for anyone with determination and strength, whether one demonstrates this in the rink, on the field, or in the classroom. That is what being here is about. Otherwise, you are wasting your money because you can go to school everyday and learn nothing more than what is in the book for free, somewhere else.

True education has nothing to do with Grade Eleven Chemistry or U.S. History, or anything else that you read and memorize and learn for a little while. Very few of us will remember which polyatomic ions have a "negative 2 charge" when we are forty (assuming that we even know it now). It is hard to put into words what true education is, but if you find it at St. Mike's you will know it (and it is here to find). It is learning what it is to be a person; what it means to be a man.

There are many adults who never really grow up. They are all around us and it is up to us not to become them by using the opportunity St. Mike's affords us to grow up and learn how to stand on our own. St. Mike's not only prepares us for University by giving us discipline and a lot of work to do, but also prepares us for the rest of our lives.

We obtain skills here to help us through University and exams and what not but we can also find the skills to help us through the difficult times in our lives. The times when things go wrong, when we find despair, when we need God. We can learn morality, compassion, righteousness, and honesty here, all the things that you do not read and acknowledge, but that you discover and reflect upon. St. Mike's has the power to help us discover our potential, not only our potential as students but also our potential as men. We can grow further towards becoming good men, and reduce the gap between who we are and who we want to be. Not everyone likes being here and, granted, our school has its faults, shortcomings, and rules that sometime seem extrraneous, but despite any problems we have with it, our school does offer something more, if we are willing to open ourselves up to it.

That's why we are here. That is what we spend the tuition we so often like to complain about on. It may cost everyone five years of tuition to learn goodness, discipline and knowledge. By the same token, some could spend millons and never quite get the picture. So if it costs us a little but to immerse ourselves in Catholicism and spirituality and morality that's just the price we have to pay.

If, in the end, we come to know ourselves, grow up a little inside and find that sometimes-elusive maturity then it must all have been worth it.

Mr. Peter Mc Cann often says that some guys spend the dough and leave having never quite understood - maybe suffering the egghead syndrome of not taking knowledge outside of the classroom. Those are the ones who wasted all that money, forsaking morality and maturity for something far less, but it happens.

The question is will it happen to you? Or will you become a St. Michael's man?

"Good-bye. I am leaving because I am bored." George Saunders, last words Here's what did it for me: Crew (while it lasted). Swim Team (OFSAA alternate), superfans, Wednesday. "a mockery of the institution", 4 years of Latin (ancillae me delectant), washroom breaks, and third period spare. MS. GR: Requiescat in Pace). Last words of wisdom: "Slurpee policy is always in effect."

Albonese, Michael

The years at SMC were great. It's been my privilege that I owe to my parents. I would like to thank them for all they have done for me. I also want to thank my friends & God for helping me to get through the last 5 years: Paterra, Mazzeo, Caruso, Scampini, Sgro, Scandolari, Marmora, Racco, etc. Marc Santi (R.I.P), you were a model for all! It's been a real wild ride and I'm sorry to see it end! To the rest of the '01 Grads in the future, Good Luck and Carpe Diem! All good things come to an end, but great things never die!

Arcuri, Domenic

The best five years of my life are now finished, but will never be forgotten. Friends for life have been made, and the memories will always be with me. Thanks to Mr. Barry for teaching me knowledge, Mr. McCann for teaching me goodness. and to Father Zinger for teaching me discipline. Thanks also to Father Enright for four years of IHL action. SMC to me represents five of the most reward- 1 entered St. Mike's as a tall, lanky boy. I now leave as a tall, lanky man. Five years have gone by in what seems like a flash, and have been filled with so many great memories. Thanks to my parents for giving me an education instead of buying a luxury sedan, and to all the boys for the great times. From the under-cut to the mullet the hair was never pretty, the locker was never clean. especially PB, Bergin, Chittle, EJ, Fitz. Fisher, and the rocket was always late. Best of wishes to the McCanns, McKeman, the runners and my all those graduating and remember that the glass

I would not have been able to make it without the support of my family and friends. Thank you Mr. Vitullo for teaching me the sport I love and thank you Mr. Sheridan, Mr. Fifield and Father Zinger, for being great teachers. For the BOYS: I will never forget you, or the great times we shared in and out of these yellow halls. I'm out..

I can't believe it!! My high school career has come to an end. First and foremost, I'd like to thank my parents for all of their love and

support. I'd also like to thank the boys who have made these five years incredible and my teachers, especially Fr. Zinger who has allowed me to look into my soul and truly discover who I am. Boys, it has been a great run, but the race is over. It's time to move on to the big leagues and see what we're truly made of. Santi. (R.I.P.). And remember, "Be yourself: no base imitator of another, but your best self."

Gerald Commissiong

In the two year's I've been at Saint Mike's I've learned a lot; how to delay tests, to become "sick" at opportune moments and to avoid and put things off as much as possible. However, I've also learned that there are ideals which people still live to uphold, and I've learned that it is better to have learned, loved and lost then to ever missed out on that goodness. Lates to all, RIP Santi, we'll never forget you

Cook, Tyler

Dirracolo, Ryan

St. Mike's has truly been a great school to me and its traditions and ways of teaching have helped me to develop into the man that I am today. The most important thing that this school has taught me is to believe strongly in my faith and without this I would not be able to survive in today's world. Thank you to all of my friends who have made this memorable especially gate six and my blue rose. Good luck and remember these five years always.

Doherty Christopher

I would first like to thank God and also my parents for all their support. Thanks to all my teachers especially Mr. John for all his time and advice on and off the court. Shouts out to the three amigos. Air BallEddie, Burls, G, Bilyk, V, and the whole back corner in the caf. All the bball games, morning "walks" to Seven with J.R. and Can Geo classes will be missed. I will always remember what happens when u mess with the bull, and what that thing is with the eagles and the turkeys. I am now a St. Michael's man! Later boys, take it ease!

As I go forth to confront the change that this existence inevitably carries, I say to ye: make ready. For the inexorable storm of tragedy will, one day, befall you. A man is defined by his actions, not in comfort, but within hardship, Through endurance we shall conquer.

Duffy, Matthew

Well, its been five long years of work and it's finally done. I want to thank my parents for sending me here and I would like to thank my brothers and sister who put up with a lot of stuff from me. And I would finally like to thank my girlfriend Kiki for being there for me through this last year. To end I leave these words of wisdom: "Whatever doesn't kill you only makes you stronger." I did it!

Dunn, Ryan

I would like to thank Mr. McCann (Eng.) for believing in my abilities and Mr. McCann (Rel.) for showing me what the real things in life are.

Mr. Bergin for his numerous stories that begin with "incidentally in 1985..." Finally, I would like to thank my coach Mr. Barry, for his continual support and guidance. "This one's for the boys in the crew, without them we wouldn't be here!....good night folks, do up your jackets it's a little bit chillier then when you came in, they've all gone so we'll go too."

'Back in the day when I was young. I'm not a kid anymore..." Five years have disappeared so fast, and although I'm happy to finish High School, I can't help feeling nostalgic. I'll never forget the days of the pit and the parking lot. Heat stree and the wall, twin explorers and all the friends - "memories don't live like people do, they always remember you, whether things are good or bad, it's just the memories" To all the friends I used to have, yo I miss my past"..."but sometimes I sit and wish I was a kid again"

First I would like to thank my family for all their support both on the ice and in the classroom. Well boys this chapter of our lives is finally over. Thanks for all the FARQY cheers at the Majors games that always kept my head (P.M.R.B. M.S,M.B,D.S. Thanks boys) I could have never asked to be part of such a great bunch of guys and a terrific school. The decision to come to SMC was the best one I have a made.

The journey has come to an end, needles to say St. Mike's was filled with many memories that I will keep for life. There are many I must thank for they are responsible for not only making the journey possible but also enjoyable. First and foremost, I thank my parent for their continual love& support, and \$35000!. The Basilians. My teachers: Narducci, Shust, Thompson, Sheridan, Fr.Zinger, Mr.Pagano, I have the utmost respect for you all. The Asian crew who supplied most of the memories. Of course, thank to all those who helped me:) In regards to preparing you for the real world, Mike's did a good job. Gillin, Andrew

Wow, where did the time go? I have asked myself this question numerous times in my high school career. mostly when academic deadlines seem to creep up on me and I stay up all night. Right now I ask it again, but with sadness because my high school experience at St.Mike's is coming to a close. From here on 1 carry many great memories of the past five years. Above all I'll always remember the good times with the boys. I wish all of you luck in everything you do. "Genius without Education is like Silver in the Mine." Benjamin Franklin

Hello, Toronto! It's been five years and the P-train has finally reached the end of the tracks. It seems like yesterday I was walking in the hallways for the first time with my blazer and the brand new scent of my vinyl binders. Thanks to my parents, the Man upstairs, those who were there when I needed them, those who were at the wrong end of my jokes, and bus 107. A special shout out to keele & mac. Never give up because if Team Package can win a hockey game, anything is possible. P-money has left the building.

Fung, Clement

Five years have gone by so fast. It seems like only yesterday that I first entered these yellow brick walls, just a green kid. Now, I'm graduating a man. Memories: checked into walls as a niner, detentions daily, no girls, no soap, cafeteria food, school dances, some great discussions, Buster's everyday, Allancourt Friday nights, lotsa laughs, exam all-nighters, being late for homeroom, becoming a Prefect (who would've thought?), etc "Man is born free and everywhere is in chains" - I've broken my chains and now I'm free. The future is looking bright...

part of your life

Gratta, Domenic

Throughout my five years here at St. Michael's College I have learned several significant life lessons: Love life no matter what; Love God, yourself and your family before anyone else; Always be yourself;Respect your fellow brother:and finally, yell at the occasional person then deny that it was you. Thanks to all my friends, Mr. P. Nards. Fr.Z. Mr. DiLeo, and Mr. Fischer for being truly inspirational. Thank-you Marc for opening my eyes to the things that are ultimately important in life. Look here now...wasn't me.

Grossi, Daniel

I now look back and can positively say that the time I spent in this place we call St. Mike's have and will forever be a memory which will never be forgotten. The memories are far too many to write in this quote but they will forever be in my mind. My friends are far from few and I will always treasure all your friendships. I can proudly say I am a HOG, a Kerryblue, and I do bleed blue. I thank my coaches, teachers, friends, and most of all my family for helping me to become a St. Michael's Man.

Gurrieri, Jordan

Its been five years since I first stepped under that stone archway in front of SMC.1 came not knowing anyone or what I was getting into, but now I leave with a countless number of friends, who have made those five years the best of my life, and an experience that has helped me find myself and what I have become. Those great friends, some who are with us in spirit now, and the things I've learnt will never leave me as I move on with my life. I'd like to thank my parents for forking over the cash to keep me here and my teachers for letting me stay.

Hagino, Kevin

Mellon Collie and the Infinite Sadness. Things slip in and out of existence, yet forever will these memores remain with me: Bboying at the pep rally and dances, laughing 'til it hurt to smile, cheering 'til it pained the throat, studying fervently upon suicidal tendencies, watching Chan run into a pole, "On va au labo"... Thanks to Mr. McCann for inspiring my philosophical insight. In closing, "The effect of life in society is to complicate our existence, making us forget who we really are by causing us to become obsessed with what we are not."

Hay, John David

St. Mike's has been good to me. I'll be forever in debt to my family for their support, and my teachers for their tolerance(Mr.V'). To all my blueblooded hoys, your friendship was returned with interest. Long live Ireland2k and Scriimpy Jack. I've learned two genuine things about life at St.Mike's. One is that "Life moves pretty fast. And If you don't stop and look around once in a while, you might miss it "Ferris Bueller. Double Blue 'til I'm through. Cheers!

Hospedales, Justin I give my divine thanks to God the Almighty and the heavens above. To my parents I'm truly thankful for watching over me. For all the friends I have gained throughout the years at OCS and St. Mike's they will never be forgotten. Special thanks to R.S. S.B. P.M and the rest of the boys from OCS for being there for me. Never forgetting my Blue Blood brothers E.V, M.R. J.Z. A.B. N.B, M.S RIP. It was a great ride boys and we have finally arrived accomplishing our goal of becoming true St. Michael's men. best of luck and God Bless.

The days of high school have finally come to a close. The 5 years of walking through thosy yellow walls are finished, still the memorie remain. The memories started the first wee of school with meeting new friends who I' remember for all time. Also once the spot seasons started the year became better. The best memories with sports are the 5 years of volleyball, and the 2 OFFSSA silvers and bronze for archery. The memories from Some Mike's will never leave me and I'm proud to say that I was part of the Double Blue family

I remember more good than bad though...Mr. Barry's rainforest killing handouts and sarcastic history jokes. Burgen's coaching and "non-coaching". Latin with Lewis, CanGeo with Chits, classes with McCann and Fischer, plus all the friends I've made. St. Mike's ain't perfect, but its pretty damn close

I will always remember this place, and the friends that made it great. I came not knowing a soul, left with friends for life. I played on great teams; Kerry Blues, PHAT, Demon Dogs, played with great men. I thank; God for these years, my parents for the opportunity and help, and Nonna and Nonno for their sacrifices. The friends I have made, and the knowledge I have gained will remain with me for the rest of my life; for this, I am grateful.

In 1997, I entered this institution of education as a bewildered niner that grew up in the suburhs of Toronto. Since Orientation Day, I developed into the object of Father Mohan's numerous speeches: a St. Michael's Man. After 5 years of toil in the academics of this school, I do not doubt for a moment that coming here was and will be the best choice I could have ever made. I have met some great people along the way, and do not regret my choice. I thank all my friends and family for supporting me all the way.

These live years at St. Mike's have gone by in the blink of an eye. It's been within these yellow bricks that I have matured as a student, athlete, and man. An important lesson to learn: "Never begin vast projects with only half-vast ideas." So ends part of life that shall not be soon forgotten. So many memories, so many opportunities; what with plays, concerts, clubs and all the other activities, I am amazed I ever got work done at all. A special thank you to my twelve Angry Men, you have helped me to choose my path in life. Remember....in light!

"Every moment of our life can be the beginning of great things." The longest five years of my life have finally come to an end, but it 's been worth it. St. Mike's has given me all the tools and knowledge I need to move onto the next level in my life. First and foremost, I'd like to thank God for instilling in me the goodness that has allowed me to develop into the person I am today. I'd like to thank my family for always being there for me, my teachers, and my friends for making these past five years memorable...

Santi, Marc TWO roads diverged in a yellow wood, And sorry I could not travel both

And be one traveler, long I stood And looked down one as far as I could To where it bent in the undergrowth: Then took the other, as just as fair,

And having perhaps the better claim, Because it was grassy and wanted wear;

Two roads diverged in a wood, and I took the one less traveled by, And that has made all the difference.

I'd like to give thanks to my Parents for waking me up in the morning. And all of my friends (you know who you are). I have learned a few things here and I don't think I will forget them. Just remember, "Behind every great fortune there is a crime."

What can be said about my 5 years at S.M.C.? They passed as fast as they came, annual steps toward tomorrow yet far from identical. Many memories, too many to list, chili winters and red hot summers. Eternal friends made (introduction not needed). Knowledge gained both academic and spiritual (In aeternam te memoria tenebo Zingo"). No Regrets.

Scharf, Derek Live the ideals of St. Michael's

Five years have passed with the blink of an eye, and I thank the SMC community for providing me with an outstanding education, and valuable memories. Wrestling, Italy Band trip, St.Lucia 2000, Acapulco 2001. But of course all good things come to an end, and thanks to the 'gentori for picking up the tab, and to the boys for making these years memorable. Lastly, Santi, you were one of the best and will never be forgotten.Don't forget to look down on us. We miss you. DEMON DOGS!

I would just like to take this opportunity to thank all my teachers and the St. Mike's faculty for the gift of education. I feel that it is my obligation to make special recognition to the two people that have given me the most inspiration. First, Mare Santi who will forever remind me that life is yours to shape through perseverance. Also, Father Zinger who taught me what it means to be a Catholic. If it were not for him, I honestly believe that I would be venturing into the future as a faithless individual, thank you Father Zinger.

Shoueri, Andre

When I first got here I didn't even know when the next class began, where it was, or how to get there and I still don't. I have, however, learned many valuable lessons and have become a better man thanks to SMC. I especially thank my brother and parents. I thank Dileo, Oat, Pietrkiewicz, McCannX2, Fitz, Lee, Barry, Smyth, Coughlan, Thompson, John, McDougall, McKernan, and Pagano. I'll always remember Italy 99, Florida 2K, St Lucia 01, Xeountry and track, Jocker room, caf, and IIIL.

"An education isn't how much you have committed to memory, or even how much you know. It's being able to differentiate between what you know and what you don't." - Anatole France --->Throughout my 5 years at SMC, I have learned the truth of this quote. With the education great, the experiences memorable, I wish to thank all of my friends and teachers and especially my mom for making me what I am now. *Don't judge people until you truly know them.* I wish everyone reading this good luck in future endeavours. L8tr.

Will we reminise about the daily gauntlet? Will we still hear the echos of chanting throughout the halls? Will the occasional food fight slip our minds? Will the memory of Zinger's watergun be forgotten? Will the dress code viloations we were so proud of be gone with time? Lets hope not! We are now SMC grads. To the boys, "Speak softly and carry a big stick" and sharpen it if you must. Adeline, the memories will never cease, nor my feelings for you. Smektala, Damian

Was it really just five short years ago? What a journey it turned out to be, full of the memories that make me the person I am today. The most important lesson I had to learn was how difficult it is to truly understand someone else. That is the second hardest thing to do in this life, next to understanding yourself. MJH, describing what you did for me in words is useless. Love and respect goes out to those who found themselves in these last years, and compassion to those who did not.

Snelgrove, Andrew

I would like to thank God, and my parents, without their love and guidance, I would not have made it. My time at St. Michael's was the most interesting time of my life, as it was full of numerous ups and downs. I will remember all of my friends, my teachers, and the baseball program. Over the last five years, I have lost many good friends, however, the lessons learned, and the discipline gained, will help me in the uncertain future. Peace.

I came with Red Blood I left with Blue Blood. That's the sum of my yrs at Mike's. In Gr 91 felt like a little boy being bombarded with quotes about turkeys, conspiracies, and SMC cheers. Now I'm older and wiser, but will always wonder why Trentadue was so loud, and Cogi so happy. I Thank my teachers and my friends the 3amigos, Y&SCrew, WFS, for helping me through it all. I thank St. Mike's for teaching me this principle; Character may be manifested in the great moments, but it is made in the small ones.(Phillip Brooks) To the memories.

The Catholic Graduate

Five years ago today's graduate entered the school as an adolescent driven wirth ambition, open for learning and overflowing with energy.

ach student adjusted to the school environment in his ow

Some found an energy outlet in sports, others became ab sorbed with computers, still others became fascinated with learning and were regulars in the library after classes.

he daily prayer, the noon Masses the opportunity for the sacraments, the open door of the Chaplain's office encompassed their daily lives.

hroughout all of this was the daily grind of classes with homework scrutinized each day, an unremitting parade of tests and evaluations and always the spectre of Mid-year and June exams looming overhead

oday's graduates have been formed by all these components and go out into the world as

St.Michael's men.

dent's immersion in various forms of art expression. Among these are works in oil, acrylic, ceramics, poster art, pencil, pen and ink, calligraphy, water-colour, mask-making, pastels, cartoon-drawing, computer graphics and design, print-making and mural drawings.

The students are evaluated by the works they have produced, and by their knowledge of art theory and principles.

Important in the curriculum is knowledge acquired in the study of the works of the masters, and the various styles and movements in the history of art through the ages.

HOCKEY

ALTOGETHER A GREAT HOCKEY SEASON

THOSE FLASHY MAJORS:

THE TORONTO ST. MICHAEL'S MAJORS were a team that had heart as well as talent. They astounded the league by keeping a torrid pace throughout the season, a season replete with many unexpected victories that took them on a slow climb to the top of the division. Under Coach Mark Cameron the Majors showed determined and resiliant play. Who will forget the great series with Sudbury and Peterboro when the Majors came through with great road victories to go on to the division finals, only a step away from the Memorial Cup series?

BUZZERS, A DETERMINED TEAM.

In a season marked by many highs and lows, using dedication and guts, the Buzzers turned in a highly credible season. They were determined to improve and finished the year with a .500 average and come play-off time they defeated the tesam that had finished ahead of them in the standings. They were then forced to play against the top team in the league, the team which went on to win the Provincial Crown. It's true the Buzzers faltered before an obviously better team but their determination was undimmed and they left the ice with their heads held high.

SENIOR DOUBLE BLUES

The Senior Double Blues were led by Pat Ferraiuolo who was the leading scorer on the team. What Pat lacked in size he made up for in quickness to spot openings and his speed which kept opponents off balance. The Senior Double Blues played in the "A" section of the TDCAA and faced many talented opponents. The Seniors lost two close games to the eventual OFSAA champions. The Seniors rose to the top and got their foot into the championship door but just missed getting through it. Nice going guys and hang in there.

JUNIOR DOUBLE BLUES TDCAA CHAMPIONS

The Junior Double Blues had a very successful season . they played in two separate leagues and three tournaments. Results were TDCAA Champions . Runners-up in the CISAA (Independent Schools League) Losing in overtime , unfortunately In league play they had a record of 9 wins , 0 losses. The Juniors also won two tournaments out of three and were runners-up in the one they lost.. Total for the year 37 wins, 4 Losses, 1 tie.Congratulations to players and coaches.

UNDER 14 HOCKEY

CHAMPIONS CISAA

This team won the championship of their league in five straight games.

An undefeated season is a reason for boasting but this youthful team didn't have time for talk as they cruised through the season scoring goal after goal.. They were winners of the UCC Invitational (third year in arow). Coaches give the success to a well balanced team, full of commitment, and desire. What a great record for other teams to take aim at!
